Notice Concerning Execution of Interest Rate Swap Agreements

MIRAI Corporation (hereinafter “MIRAI”) announces today that it has executed interest rate swap agreements for long-term loans with floating rates, which is stated in the “Notice Concerning Borrowing of Funds and Repayment of Loans before Due Date” announced on October 8, 2024. Details are as follows.

1. Reason for Executing Interest Rate Swap Agreements

The reason for executing interest rate swaps is to hedge against the interest rate volatility risk by practically fixing the floating rate of long-term loans (total of 0.5 billion yen with maturity of 5 years).

2. Details of Interest Rate Swap

| Lender | Notional principal of loans | Counterparty | Interest rate (Note1) | | Commencement | Termination date | Term of swaps |
|---------------------|-----------------------------|-----------------------------|-----------------------|------------------------------------|------------------|--------------------|---------------|
| | | | Fixed rate paid | Floating rate received | | | |
| The Chiba Bank, Ltd | 0.5 billion yen | Nomura Securities Co., Ltd. | 0.87100% (Note 2) | JBA three-month Japanese Yen TIBOR | October 11, 2024 | September 28, 2029 | 5 years |

(Note 1) The initial interest payment date is set at the end of October 2024, and the subsequent interest payment dates are set at the end of January, April, July and October each year and the termination date (however, if each payment date is not a business day, the following business day, and if the payment day falls in the following month, the immediately preceding business day shall be applied)

(Note 2) Interest rate for the loans is practically fixed at 1.14100% due to the execution of the interest rate swap agreements.

3. Other Matters Required for Investors to Understand and Assess the Information Provided Appropriately

The risks associated with the repayment of the borrowing, etc. remain unchanged from the description in “3. Investment risks” under “Section 1: Status of the Funds” of “Chapter 1: Information on the Funds” in the securities report submitted on July 26, 2024.
